8 ANCIENT KEYS TO THE SOURCE

The 6th Dimensional, Systemic Regulation of the 12 Main Meridians

Dr. Andreas Jell

INTRODUCTION

These three days are a starting point of a series of workshops for the integration of the miraculous meridians in everyday acupuncture practice and to be able to translate essential parts of the traditional Chinese nomenclature into contemporary quantum cybernetics terminology - and vice versa, for a deeper realization of the miraculous truth beyond all the words.

WORKSHOP CONTENTS

Day 1: East meets West

(TCM students/graduates as well as other interested participants)

The first day of the workshop is open to everyone interested in the exciting merge of traditional Eastern wisdom and contemporary Western (quantum) science. Two completely different cultures, mind sets and languages talk about same primordial principles at the very base of our existence. Both reveal fascinating insights into our timeless nature, the pivotal role of the mind in creating our reality and the innermost structures and functions of the regulating fields of energy: the meridians (China), scalar fields (USA), torsion fields (Russia), lightgrid (Hawaii), Nadis (India), energetic matrix (Europe).

As we look into the basics of I Ching and compare the 8 trigrams with the system of the 8 miraculous meridians (PaFa) and the 12-dimensional model of quantum cybernetics, we expand our awareness beyond our regular 3-D limitations and get eye to eye with the innermost secrets of creation.

Day 2 & 3: For graduates and minimum second class TCM students only

The practical application of the basic principles of PaFa and Quantum Cybernetics:

- Structure and organisation of the 8 PaFa and the proper use of the 8 keypoints for their activation
- Multidimensional quantum cybernetics strategies for point selection and treatments
- Activation of the 8 key foramina with the mind ('Quantum Mind Activation Technique')
- Use of quantum technology for point stimulation as additional support resp. alternative to needles, moxa and laser
- Impressive insights into the effectiveness of this method as shown in a Kirlian BioField study along the use of quantum technology on the 8 key points
